Clayton Douglas has four documentaries he produced and narrated: "True Face of FEMA, Chemtrails and more. He has hosted the Free American Hour on Shortwave, satellite and now on the Internet for 15 years. Prior to his career in broadcasting, he worked in the film industry in Miami as an extra and provided boats for "Cocoon" Motorcycles and Bikers for Sylvester Stallone's "Specialist" and commercials.

His guests on his radio shows and documentaries have featured Presidential Candidates, politicians, Governors, and authors running the gamut from Scientists, doctors to bikers like Sonny Barger, founder of the Hells Angels. Over a twenty year period, he has published magazines. "High Country" "Rider's Xchange", "Thunderriders" and has published the "Free American" News Magazine for 15 years.

He has produced and hosted Expos across the country. He came to NM to help start Indian Motorcycles.

His website has much more information about him and his adventures. <http://freeamerican.com>. His voice is very memorable, his presence is magnetic.

He is the author of two series of fiction novels. They can be previewed on his archive page on his website. He currently resides in Denver.
