What will you do when Obama makes you into a criminal because you own a gun and won't turn it in? This is why I helped restart the Militias. I was not wrong in 1994! I saw this coming! I study History!

Defenseless people rounded up and exterminated in the 20th Century because of gun control: 56 million!

In 1929, the Soviet Union established gun control. From 1929 to 1953, about 20 million dissidents, unable to defend themselves, were exterminated.

In 1911, Turkey established gun control. From 1915 to 1917, 1.5 million Armenians, unable to defend themselves, were rounded up and exterminated.

Germany established gun control in 1938 and from 1939 to 1945, a total of 13 million Jews and others were unable to defend themselves were exterminated.

China established gun control in 1935. From 1948 to 1952, 20 million political dissidents, unable to defend themselves, were rounded up and exterminated. –

Guatemala established gun control in 1964. From 1964 to 1981, 100,000 Mayan Indians, unable to defend themselves, were rounded up and exterminated. –

Uganda established gun control in 1970. From 1971 to 1979, 300,000 Christians, unable to defend themselves, were rounded up and exterminated.

Cambodia established gun control in 1956. From 1975 to 1977, one million educated people, unable to defend themselves, were rounded up and exterminated.

You won't see this data on the US evening news, or hear politicians disseminating this information.

During World War II the Japanese decided not to invade America because they knew most Americans were ARMED!

One of the hardest realizations to face is that the most dangerous murderers have been tyrants waging war against those within their own borders who disagree with them and might undermine their power and control. Most Americans think it can't happen here, but it is already.

In my travels, I have talked with people from Italy, Russia, Germany, Spain, Argentina, China and other countries who consistently share that the early stages of the destructive tyrannies in their countries were just like what is happening now in the US — as well as in the UK, Canada, Australia, New Zealand, Europe etc.

CTC says opposition to a New World Order is terrorist activity!

According to a report from the "Combating Terrorism Center" at West Point, 'Anti-Federalists' who oppose a New World Order as well as members of several other far right wing activist groups are potential terrorist threats. West Point is the U.S. Military Academy that trains, educates, and prepares Cadets for their service in the U.S. Army. The CTC (Combating Terrorism Center) at West Point was established following the events on September 11, 2001 because of the belief that strong initiative was needed to prepare Cadets for the new environments they would be headed into upon graduating in the post-9/11 era. The CTC provides a unique terrorism-based education and since its creation, the program has received international recognition for its studies, reports, and teachings on terrorism and terrorist threats. A new report from the CTC, however, suggests that far right wing political activists, not radical Islamic groups, are the new terrorist threat in America and even goes so far as to say that those who oppose a 'New World Order' are potentially violent terrorists. One of the groups this report warns of is the modern 'Anti-Federalist' group, which the report says contains people who believe the American political system has been hijacked by external forces interested in promoting a 'New World Order,' an idea that has even been confirmed by David Rockefeller in his book "Memoirs" [1] and George

H.W. Bush in various speeches. The CTC report goes on to say that these 'Anti-Federalists' believe the federal government has become corrupt and tyrannical because of its intrusion on the civil constitutional rights of the American people and support civil activism, individual freedoms, and self-government. According to the report, these people believe that the push for a tyrannical global government would result in disarming the American people and their violence, the report says, may be directed towards the federal government itself and its proxies in law enforcement. The FBI and Department of Homeland Security have already released documents which suggest that anyone who has coffee grinders, coffee filters, goggles, and scientific equipment could be involved in creating CBR weapons and should be reported to local authorities. They have also stated that photographers should be monitored for potential terrorism and they have released guidelines for suspicious activity reporting at hotels. This newly released CTC report, which showcases the exploitation of people like Timothy McVeigh and the small wave of violence from

right wing groups in the 1990s to suggest that all right-wingers are potentially violent and even loosely associates those who oppose a one world government with skinheads, Neo-Nazis, and the KKK, is only a small example of the growing paranoia over terrorism and the expanding surveillance state in America. Why is this all important? Regardless of personal ties to these groups, we must be asking the following question: If these people can be classified so easily as terrorists, what would prevent everyone from being a potential terrorist? According to American policy, anyone suspected of terrorism can now be indefinitely detained without a trial.

The Free American has been under attack since its inception for trying to expose the Illuminati Conspiracy! There were several attempts on my life as detailed in, "Mystery Babylon, the New World Order Unveiled" Excerpt from Mystery Babylon

They were almost successful in killing me and most of my businesses. I was hospitalized for four months. I had been attacked on many levels since starting the Free American Magazine and Radio Show but never imagined such a violent and blatant attempt to silence me and kill the Free American Magazine and radio show. The economic based attacks continued and were successful in forcing the closure of my magazines. President Kennedy tried to warn us of a monstrous conspiracy. So did J. Edgar Hoover. Kennedy opposed them by issuing executive order 11110 and our treasury printed United States Notes. They killed him! Johnson recalled the currency. This was a coup and 50,000 of my fellow countrymen died in a needless war in Vietnam. The same thing is happening again with Iraq, Afghanistan and soon another World War that they don't plan on US winning!

After getting out of the hospital I struggled to generate an income stream and continued trying to educate the American people as I have for almost 20 years. I am on the board of directors for Timothy Bible College and the little Red School House which I helped promote. This concept of using the internet educate our children and advance our education at our own pace in the safety of our homes is the only proven and viable alternative to the expensive programming available in our public schools AND THE PRISON LIKE ATMOSPHERE OF OUR COLLEGES! These schools are fully accredited and beginning to spring up all over the country and even overseas. Dr. Jake Wade is the Dean and has a vision and a plan to expand the education of America! With it, we can protect and educate our families WHILE KEEPING THEM SAFE FROM DEMONIC FORCES!

In spite of all of the travails I managed to restore my website and keep my radio shows going. The writers and the guests I have on my show are censored from most outlets, including many you think of as "Patriot Stations"! I did not sell advertising because my advertisers were threatened and attacked by the same people that we continue to expose here! My rule has been to only allow beneficial products I can personally stand behind, like Miracle 2 soap, water filters, books and videos. It has been touch and go for many years. Today it feels like God worked a miracle. I met a woman at a Truth Seekers Meeting who told me about Solavei, The more I looked and listened the more impressed I was. I have found the kind of insightful and visionary people I have dreamed of becoming involved with. From here on, I have a sponsor I can rely on to help me educate and empower Americans. “Hi Clayton , just to say that I’ve finished reading your book and I’m very glad I did so, it goes into my top twenty along with Eustace Mullins “New history of the Jews” . It’s given me a lot of new ideas for my own projects which is what I hoped for. It was a gamble that paid off! Sometimes you purchase a book and it’s not what you wanted. Right now the currency dictators have turned off the taps so we are in a recession,as soon as things improve I’ll order the hardback copy to keep in my treasured collection. May God protect you from the forces of darkness and give you another 10-15 years of good health.” from Frank Cairns

EXCERPT FROM MYSTERY BABYLON – WHAT THEY TRIED TO DO TO CLAY DOUGLAS

“Clayton, I have read this and it is dynamite--literally! The presentation is well-documented and needs to be published. A warning: Make sure that you have many copies, massively circulated before going very public. The bull’s eye on your back will multiply in magnitude. Satan and his generals will not be pleased. I have not done any editing though there were a couple of early typos. Go get 'em. God bless.”

We are offering the hard copy book in quantity at 40% of a retail of \$29.95 or \$18.00 each for ten or more copies. 505-908-9498 to reserve yours.
